

DRYTC CLUB NEWS

June 27th / 2023

Please join us for our AGM this Friday, 4 PM at the Hexagon!

Our meeting will be brief, as we know it's a long-weekend. In order to proceed we require 10% of members present. The AGM package you received 2 weeks ago includes the agenda. We hope to see you there!

Courts Update

Members have been enjoying the resurfaced Tennis and Pickleball courts! Thank you for everyone's patience. May weather was not exactly co-operative, but the Canada Courts team made several trips to complete the repairs/new paint on all of the courts. The pole and court light replacements are now completed. We are ready to light up your nights!

NEW! Junior Membership Pilot Program

Despite healthy participation in our junior court lessons, we have experienced a drastic decline in junior court membership outside of the lessons we offer over the last few years. Looking forward with the goal to grow this key aspect of DRYTC membership, the board has decided to trial FREE 2023 junior (under 18) memberships. Juniors will have access to the courts & junior programming the club offers outside of lessons. Further information / parameters are outlined in the newsletter email.

We invite you to join us in welcoming our new young members who will help insure continued growth in DRYTC membership.

NEW! DRYTC Member Feedback Options

We have set up an anonymous feedback form on the DRYTC [contact us](#) page. We have also created an anonymous [Hexagon Restaurant feedback survey](#) available on the DRYTC website restaurant page, as well as on the Hexagon Restaurant tables via a QR code. DRYTC is a team effort & we want to hear from you! What's working well? How can we improve?

DRYTC Technology Update

DRYTC has adopted several new technologies this season & we very much appreciate your patience as we implemented the new systems.

SPOND is now being used by the vast majority of our members & it has proved very helpful, especially for sport specific day to day updates like arranging games and info about the extensive court repairs.

2023 online registration was a huge success! Thank you to our fantastic members as it significantly reduced the volunteer hours required at the start of the season. Your DRYTC member account is now in place for next year!

Court booking is now up & running. We are still learning and appreciate your inquiries & feedback.

If you have been hesitant to tackle the new technologies, or had difficulty when you did please reach out to drytc.registerhelp@gmail.com. - we are here to support you!

New to Spond? Download the app here: [SPOND](#)

In the app, click groups on the bottom right of your screen & enter the unique DRYTC code USDDF.

Hexagon Restaurant & Rentals

The Hexagon Restaurant is off to a busy start this season! We have new staff, a new menu, and a few new growing pains too. Thank you for your patience as we address our evolving needs including more hot water for a busy dishwasher as well as increased counter and refrigeration space.

Our [menu](#) and the link to make [reservations](#) are both now on the DRYTC website and both work well on your smart phone.

Consider dinner at the Hexagon this Friday after the AGM, with the option to stay for the 'Hexagon Kitchen Party', a night of Celtic music and a joyous sing-a-long! Win some great prizes in support of Mackenzie Community School's own theatre group, TACo! Starts at 8pm / \$10 cover charge.

Calling all Shutterbugs!

We have had several requests to feature members on our facebook & website pages & we agree!

Please send us your favorites and we promise to check with everyone in the photo before we post. There will be a draw from all those who [submit photos](#) for a \$50 gift certificate at the end of the season!
